Photographer

ADVANCED, 5 YEARS

Photography started out as a hobby for me but has quickly turned into a business . After showing friends, family and colleagues my work they have hired me for events such as weddings, parties and family portraits.

It excites me to be able to put my skills to use and to see the client happy with the work I have produced. Photography is my number one passion in life.

Office Administration

ADVANCED, 4 YEARS

I have always been very proud of my administration skills and attention to detail. I have continually developed my skills in this area in all past job roles.

I am highly experienced and well versed in the use of many office software applications.

Customer Service

ADVANCED, 4 YEARS

My customer services skills are second to none. I enjoy going the extra mile when given the chance and believe for any business to thrive that customer service is key to their success.

I have a proven track record with internal and external customers going back many years.
